American Fork, UT 84003

EDUCATION

Utah Valley University — *Associates (Near Completion)* — 2020 - PRESENT

Actively participating in the educational process with 88 credits in math and computer science courses, all averaging to a 3.32 GPA. Expected to complete Bachelor's of Computer Science in Dec 2025.

PROJECTS

PC Building — *Hardware and OS interactions* — Dec. 2021 - PRESENT

Extensively researched how to build a personal computer and learned all hardware specifications and purposes. Followed through, assembling all components into a fully functional and aesthetic PC. Created a boot drive for the windows operating system and installed windows 10 onto the computer successfully.

Webflow Design — *Web Programming and Composition* — Apr. 2022 - PRESENT

Sought out Webflow University tutorials and learned to design webpages. Practiced designing with Webflow tools like CMS and mobile interfaces. Obtained feedback from an industry mentor, to ensure understanding of the tools and processes. All now being supplemented by a web development course at UVU for further understanding of HTML, CSS and Javascript. <https://the-adventure-blog.webflow.io/>
